

BE REMARKABLE

SALEM COLLEGE

Located in the heart of historic Winston-Salem, North Carolina

AT SALEM COLLEGE, REMARKABLE THINGS ARE HAPPENING

Not everybody or everything is remarkable. You are. You want a place that sees the successes you've had already, and a place that will cheer for your future successes too. Salem College is that place. We want you to feel safe, empowered and cared for here. We want you to do magical things that you never thought you could. Double major, if you want to. Do complicated simulations, if that's your thing. Hang with the squirrels in the May Dell on a warm spring North Carolina day when you want to. Swing over to the café and listen to a jam session. Eat lots of tasty local snacks. This is your place.

Come to Salem College to be your best self and let us help you figure out what that looks like for you along the way.

At Salem, you'll find forever friends that will cheer you on the rest of your life. There's no competition here; there's companionship. Your fellow students won't be the only ones by your side for you, as the faculty and alumnae will be right there too. Salem College and the people who go here will be your very own personal cheerleaders. Not just now, but forever.

You can choose to go anywhere for your college education but you'll gain access to something remarkable when you enter the campus of Salem College. We look forward to welcoming you to our special place.

Salem College is among the top 25 **liberal arts colleges** in the United States.

(But that's not all they've said about us...)

#2

in the United States for upward **social mobility** of our graduates.

(We want you to rise up the economic ladder!)

#8

in the United States for **earning performances** of our graduates.

(We will set you up for success!)

Washington
MONTHLY

#2

of all top colleges for **economic diversity** of our student body.

(No matter your background, this is the place for you!)

The New York Times Magazine

THIS IS YOUR PLACE

You want to go to college at a place that is just as special as you. Graduates of women's colleges earn **\$8,000 more per year** than their co-ed counterparts. Why? It's an environment that empowers you at all steps along the way.

You'll follow in the footsteps of other leaders as 20% of women in Congress went to a women's college. 33% of female board members at Fortune 1000 companies graduated from a women's college. When you are encouraged and cared for in your education, you'll see doors open for you from that point forward. Build your foundation here and you'll see the benefits of a women's college too.

Journeys to Salem

Gregoria Arreola-Meza

Now pursuing a master's degree in counseling, Gregoria is thankful that she chose to attend Salem College. Since graduating, she has been invited to a roundtable discussion with Vice President Kamala Harris. "Salem College symbolizes opportunity. As a first-generation college student, it meant all the difference to me to be taught the importance of leadership and advocacy," Gregoria said. "Salem will always have a place in my heart."

Shelley Wallace

In her time since leaving Salem, Shelley has gone on to pursue her dreams in the healthcare field. She raves about how her time here prepared her. "You will be challenged. You will be pushed. Most of all, you will be loved. Every part of you! You will be supported by all and experience a change in yourself you might have never thought possible. You will grow as an individual and throughout our community. Salemland is magical!!!"

OH, THE PLACES YOU'LL GO!

Studying away from Salem College helps our students develop confidence, responsibility, and problem solving. They gain a global mindset, become aware of other cultures, and gain new perspectives. Within Salem's Study Away program, Salem faculty and staff offer individualized support to students who wish to receive academic course credit for study outside the Salem campus, and outside the United States.

Salem partners with AIFS Study Abroad, CIS Abroad, Harlaxton College, and Oxford University to provide students with a wide variety of pre-approved study abroad opportunities around the globe. Recently students have studied away in France, Spain, Australia, Costa Rica, and Greece. Upcoming faculty-led trips are planned to Austria, London, and Venice.

STUDENT WELLBEING

You are safe here. You're going to have fun here. But, as is true in life anywhere, you will go through your ups and downs as college can be stressful and life can be complicated. Though life presents us all with challenges, we have your back.

At Salem College, we have comprehensive counseling services free to all students. Both our counseling and physical health services are provided by the nationally renowned Novant Health System. Our health services center is right in the middle of campus and operated by Novant Health, one of America's premier health systems.

Here at Salem, you will always be known. We're small enough that everyone will know your name, which means that everyone will care about you and your well-being. We see you and we care about you.

SALEM
COLLEGE

YOU'LL BECOME A LEADER

Salem College wants to help you develop into a leader who can navigate the world with confidence. Our RISE Leadership Program is designed to develop future leaders to create a better, healthier, more equitable world. We will create environments here that give you a chance to lead in a safe environment.

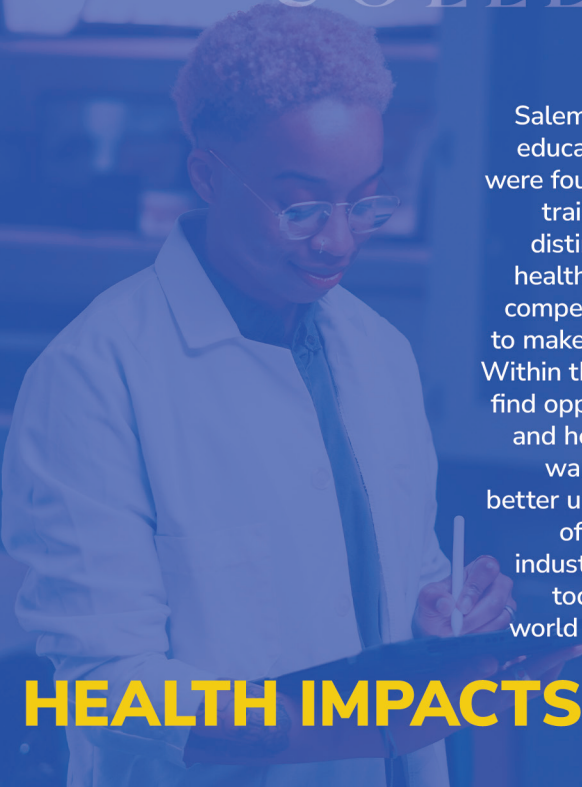

Salem College has a unique four-year co-curricular leadership development program that focuses on the specific aspects of being a confident and courageous leader in the 21st century. This program is one of the many ways Salem fulfills its commitment to helping students understand the power, complexity, and importance of health in society.

SALEM COLLEGE

Salem College literally invented high-level education for women in America when we were founded in 1772. In 2020, we became a trailblazing college again by becoming a distinctive liberal arts college focused on health leadership, giving you the skills and competencies to become a leader equipped to make communities healthier and stronger. Within the curriculum for your major, you will find opportunities to learn about how health and healthcare are connected to it too. We want every student to leave here with a better understanding of health because 30% of students will work in the healthcare industry no matter what they are planning today. We want you to be ready for the world that awaits you after you leave here.

HEALTH IMPACTS EVERYTHING

We are in one of the **best places** to live in America.

(according to U.S. News & World Report, Livability.com, and us)

Not only is Winston-Salem the answer to a Jeopardy question for being one of the few towns with a hyphen in its name, our town is also unique because there is no better college town than Winston-Salem. Sure, we're biased but you will be too.

Winston is home to five colleges and 25,000 students. At Salem College, you'll be a short walk from a real city with a unique heart to it. Dubbed the "city of arts and innovation," Winston-Salem is a place for artists, business professionals, healthcare workers and... you. Located in the heart of North Carolina, you're a short drive from Charlotte, Raleigh, mountaintops, beaches and more.

You can do pretty much anything here. Salem College gives you a launching pad to opportunities as we are situated in Old Salem, which is a peaceful, safe, and historically beautiful landmark in town.

**WELCOME TO
WINSTON-SALEM**

SALEM IS AFFORDABLE

Tuition & Fees	\$33,848
Room & Board	\$13,318
Total	\$44,166

100% of Salem College undergraduates receive financial aid!
