## Academic Programs with CIP Codes

This document is an official list of the undergraduate and graduate academic programs offered by Salem College as overseen by our accreditor, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). This document does not include the minors or concentrations within a major that students may pursue; for those opportunities, please consult the [Salem College Online Catalog](#). This document reflects the programs available for new students as of December 15th, 2025 and will be updated as program changes are approved by the appropriate governing bodies.

Academic programs are organized below by the level and type of degree offered. Each table includes the approved method of delivery and the Classification of Instructional Programs (CIP) code used when reporting student outcomes to the U.S. Department of Education.

## Undergraduate Teacher Preparation

Students planning to teach Middle School (6-8), Secondary School (9-12), Art (K-12) or Spanish (K-12) complete a BA or BS degree in a relevant major from the Bachelor's Degrees listed above, in addition to the appropriate licensure program. Students planning to teach Elementary School (K-6) or Special Education (K-12) complete a BA or BS degree in any major from the Bachelor's Degrees listed above, in addition to the appropriate licensure program. Successful completion of Salem College curricular requirements does not guarantee licensure; to obtain a professional teaching license in any area, candidates must pass all state-required licensure tests.
